WINEGROWING

Organic production (PT-BIO-08) with a single plot management winegrowing work.

WINEMAKING Made from the best grapes of a specific selected plot conducted to produce rosé wine.

Handmade harvest with manual sorting. Crushing from direct pressing. Only the free-run wine is used to produce this batch. Fermentation in stainless steel temperature controlled vats (between 13 and 16°C)

AGEING 6 months in a 500L french oak barrels (previously used for the white Reserva), with a very smooth and occasional bâtonnage.

PRODUCTION 1.000 bottles (75cl).

THEME “There’s metaphoric gold in ‘dem there hills”

A wine grown on a privileged terroir. A terroir whose slopes are covered with unique golden colours at sunset time. A terroir that since the 17th century has been known as the Hill of Gold.
